Registration Terms and Definitions

ADMISSION ELIGIBILITY
Applications for admission are accepted for:
- High school graduates or students at least eighteen years of age.
- Students in K-12 who qualify for the Special Admit Student Program.
- International Students who are eligible under a student visa (F-1). For information on the application procedure for International Students, contact the International Student Center at 1-714-992-7078 or visit http://isc.fullcoll.edu.

ADD CODES
The four digit Add Authorization Code is required for each class once the term begins and is only valid for the current term and class. The Add Authorization Code must be used by the add deadline of the course to guarantee official enrollment. If a student has been unsuccessful using the Add Code due to too many attempts, or the code has expired, a new Add Code must be obtained from the instructor.

CALIFORNIA RESIDENCE
California Community Colleges are required to determine a student’s residency for tuition purposes. California law states that residency is physical presence with the intent to remain in California.

To qualify for resident status, a student must have been a California resident for one year and one day prior to the first day of the term. The burden of proof to clearly demonstrate both physical presence in California and the intent to establish California residence lies with the student.

For additional information regarding residency and exceptions to residency requirements, including AB-540, see section “Residency for Tuition Purposes” in this Class Schedule.

CLOSED CLASS
A class closes when the maximum seat capacity has been reached. Students wishing to register for a closed class must petition the class. See entry below, “Petitioning Closed Classes,” for additional information.

COREQUISITES (CONCURRENT ENROLLMENT)
When a class has a corequisite, students must register for one or more (often a lecture and lab) classes concurrently. Knowing the information being presented in the concurrent course is deemed necessary for successful completion of either course. When dropping or withdrawing from a course that has a corequisite, both courses must be dropped or withdrawn concurrently.

DUPLICATE COURSE
Students may not register for two classes with the same course number and title.

DROP FOR NON-PAYMENT
Students who have registered for classes and have not paid fees may be dropped to make seats available for other students. Refer to the “Drop for Non-Payment” section in the “Fees and Refunds” page in this class schedule for details.

MAXIMUM UNITS/HOURS
A maximum unit load for any student is 19 units per term. Students may carry over 19 units only with a counselor’s approval.

PETITIONING CLOSED CLASSES
Students may petition closed classes by attending the first meeting. If space permits, the instructor will issue an Add Authorization Code, allowing students to add the closed class online through myGateway. Students are not officially registered until the class has been added online.

PREREQUISITES
When a course has a prerequisite, students must have specific knowledge to be successful in the course. The prerequisite can be a skill, a test score or successful completion (grades of A, B, C, CR, or P have been earned) in a prior course. Students must have all prerequisites cleared before registering.

SCHEDULE/BILL RECEIPT
The Schedule/Bill receipt is proof of enrollment in classes and fees paid for the term. Schedule/Bill receipts will NOT be mailed, but can be obtained online through myGateway. Students should check the Schedule/Bill receipts carefully to verify registration and fee payment. Instructors, labs and any office on campus may request to see a student’s Schedule/Bill receipt prior to providing services.

TIME CONFLICT
Students are not permitted to register for two classes that are scheduled during the same or overlapping time periods, even if the instructor will allow it. This includes online and/or hybrid courses with mandatory on-campus meetings that conflict with other on-campus courses.

TRANSCRIPTS
Transcripts are not required at the time of application, but should be submitted shortly thereafter. Students should submit transcripts by the end of their first term at Fullerton College if necessary according to the criteria below.

High school transcripts — Students who have graduated from high school in the past two years must submit a sealed copy of transcript to the Counseling Center.

Other college transcripts from previous colleges attended —
- Students who plan to graduate or complete a certificate at Fullerton College and/or transfer from Fullerton College must submit a sealed copy of transcripts to the Admissions and Records Office.
- Veterans collecting educational benefits must submit a sealed copy of transcripts to the Financial Aid Office.
- Students who need to show proof of prerequisite completion may bring a personal copy of transcript for review by a counselor. Further evaluation of other college transcripts may be required by Admissions and Records prior to course clearance for enrollment.
The Office of Admissions and Records determines the resident status of all new and returning students. Responses to the Application for Admission and, if necessary, other evidence furnished by the student are used in making this determination. A student who does not submit adequate information to establish the right to classification as a California resident will be classified as a nonresident.

The resident determination date is the day immediately preceding the opening day of instruction of the semester or term as set by the Board of Trustees. Generally, residency requires actual physical presence in California at least one year prior to the residence determination date, coupled with proof of the intent to make California one’s home.

Factors Considered to Determine Residency
A person’s presence in California and the factors below are considered in determining California residency. No one factor determines residency.

- Being licensed to practice a profession in California
- Filing California State Income taxes as a resident
- Having an active checking and/or savings account in a California bank
- Having paid nonresident tuition in another state
- Owning residential property in California for personal use
- Possessing a California Driver’s License and a vehicle registration in California
- Possessing a divorce decree issued in California
- Showing California on military records (Leave and Earnings Statement)
- Voting in California

Exception to Residency Requirements
Several exceptions to the residency rules apply per Education Code. They include, but are not limited to the following:

- Active duty military personnel stationed in California
- Certain minors who remained in California when parents moved
- Dependents of active duty military stationed in California

- Full-time employees of the college or a state agency, or a child or spouse of the full-time employee
- Self-supporting minors

Nonresident Student
A student’s resident status is determined at the time of application. A nonresident student must pay nonresident tuition in addition to the enrollment fee and other fees (including a $20 Capital Outlay Fee per Education Code 76141) for credit classes.

Assembly Bill AB540
This act allows all persons, including undocumented immigrant students who meet the requirements set forth in Section 68130.5 of the Education Code to be exempt from nonresident tuition in California’s colleges and universities. The requirements are:

- High school attendance in California for three or more years
- Graduation from a California high school or attainment of the equivalent thereof (i.e., GED or Certificate of High School Proficiency) prior to the start of the term.
- Registration as an entering student at, or current enrollment at, an accredited institution of higher education in California not earlier than the Fall semester or quarter of the 2001–2003 academic year.
- In the case of a person without lawful immigration status, the filing of an affidavit with the college stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.

All students who do not meet the California residency requirements must file an affidavit with the college. The affidavit is included in the California Nonresident Tuition Exemption form which is available in the Admissions and Records Office. Students living outside the state and enrolled via distance education are not eligible for the AB540 exemption (Revised Guidelines for Implementation of AB540 — Firebaugh, October 23, 2003).
DON’T DELAY YOUR REGISTRATION

Check for Prerequisites early

Before you enroll check to see if your class has a prerequisite. Prerequisites must be cleared prior to enrollment. Plan ahead and take care of this as early as possible to avoid waiting in long lines and delaying your enrollment in important classes.

How to clear a prerequisite

You are automatically cleared if:

► you are currently enrolled in the appropriate prerequisite course at Cypress College or Fullerton College
► you have completed the appropriate prerequisite course at Cypress College or Fullerton College
► you have tested into a particular course level in English, ESL, Reading and Math by taking the appropriate placement test
► for Fullerton College chemistry students: you have taken the Chemistry assessment test at Fullerton College and received the appropriate score for placement

You can also be cleared by:

► bringing high school transcripts, transcripts from another college and/or other appropriate documentation indicating completion of the prerequisite course. Because some classes fill up very quickly, it is recommended that you take care of this as soon as possible to avoid possible delays to your enrollment in important classes. Bring your transcripts to the

ATTENDANCE
Attendance at the first class meeting is highly recommended. Failure to attend may result in the instructor dropping the student from the class.

AUDITING COURSES
Enrolled students who wish to audit a class must file a “Petition to Audit” with the Admissions and Records Office by the add deadline of the class. Refer to the College Catalog for details.

BASIC SKILLS COURSES
Students will not receive credit for more than 30 units of remedial or basic skills courses in the district. Students who exhaust this unit limitation will be referred to appropriate non-credit continuing education services, with certain exceptions. Refer to the College Catalog for details.

CAMPUS HOLDS
Fullerton College will withhold grades, diplomas, transcripts, registration privileges, or any combination thereof, from any student or former student who has failed to clear a campus obligation (unpaid balance of enrollment fees, returned check, unpaid loan, equipment not returned, equipment breakages, unpaid fines or materials owed to the library, etc.). Students must clear all holds before registering for classes. Any item withheld shall be released when the student clears the campus obligation.

CLASS CANCELLATIONS
Fullerton College reserves the right to cancel any class for which the enrollment is not sufficient to warrant continuation and to change the class hours and/or days as necessity demands.

COURSE PROGRESSION
Students are expected to take courses on an accepted progressive basis. Students will not receive credit for classes which are considered lower in degree of advancement than those already taken.

COURSE REPETITION
Students will be blocked from registering into courses for which they are not eligible. To request an exception to the Course Repetition policy, students must file a petition with the Admissions and Records Office.

Incomplete (I) Grades
If an Incomplete (I) is received, the student cannot re-enroll in the course. Specified coursework must be completed within one year with the instructor who assigned the incomplete grade.

In Progress (IP) Grades
If an In Progress (IP) is received, the student must re-enroll in the course the following term.

Non-Repeatable Courses
A course in which a student has earned a grade of D, F, NC, or NP may be repeated only once. A course in which a student has earned an A, B, C, CR, or P may be repeated only under exceptional circumstances.

Repeatable Courses
Students may repeat a course only up to the maximum number of repetitions permitted in accordance with the College Catalog.

GRADES
Final grades are not mailed to students. Grades are available online approximately three weeks after the class ends. Login to myGateway, click Student Records.

STUDENT INFORMATION
Student data should be kept current to receive important information from the college. The student is responsible for any delay in communications sent from the Admissions and Records Office when an incorrect address is on file.

E-mail addresses may be changed online. Login to myGateway, click Update E-mail Addresses in the Personal Information box.

Mailing Address and Phone numbers may be changed online. Login to myGateway, click Update Addresses and Phone in the Personal Information box.

Name Changes — Currently enrolled students who wish to change their name on official college records must obtain and file the “Student Information Change” form in the Admissions and Records Office. Proof of legal name change shall be required.

DROP FOR NON-PAYMENT
- Fees are due IMMEDIATELY. Fullerton College does not bill for unpaid registrations.

- Students who register for classes on or after June 16th will NOT be dropped but will incur a financial obligation to the college.
- Students who are enrolled in classes when the term begins and have not paid fees, will have a hold placed on their records.
- Non-attendance or non-payment does not release the student from responsibility and may result in a failing grade being awarded.

(continued)
MATRICULATION APPEALS PROCEDURES
A Matriculation Appeals Petition may be filed for any of the following concerns:

Review of Placement Decisions
The student must make an appointment to see the Dean of Counseling. If the Dean of Counseling is unavailable within three (3) working days, the student shall take the appeal directly to the Dean of Humanities or Dean of Mathematics as appropriate. The student must include documentation and/or information to support the appeal.

Waiver of Prerequisites
If a corequisite or prerequisite is not offered in a given term, the student may request a waiver of the corequisite and/or prerequisite. The student shall take the petition directly to the dean of the division responsible for the course. The request must be made prior to the first day of the term.

Students may challenge a prerequisite on the grounds it is not valid because it is not necessary for success in the course for which it is required; or because the student has the knowledge or ability to succeed in the course despite not meeting the prerequisite. The student shall take the petition directly to the dean of the division responsible for the course.

Complaint of Unlawful Discrimination
If a student feels that assessment, orientation, counseling, prerequisites (or any other matriculation procedure) is being applied in a discriminatory manner; a petition may be filed with the Dean of Counseling. Petitions for the above appeals are available in the Counseling Center (2000 Building).

MILITARY WITHDRAWAL
Students called to military service during a semester in progress should contact the Admissions and Records Office to have a “MW” (military withdrawal) noted on their academic transcript. A copy of military orders is required.

OPEN ENROLLMENT
It is the policy of the North Orange County Community College District that every course, course section or class, wherever offered and conducted throughout the district, shall be fully open to enrollment and participation by any person who is eligible for admission to the college(s) and who meets such prerequisites as may be established pursuant to Chapter 11, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

PASS/NO PASS
If a course is listed in the College Catalog as “Letter Grade or Pass/No Pass Option,” a student choosing to take the course with a P/NP grade must file a “Pass/No Pass Grade Request” form in the Admissions and Records Office no later than the add deadline of the course. Once the request is submitted, the grading option is not reversible.

PRIVACY RELEASE
Pursuant to the Federal Family Educational Rights and Privacy Act of 1974, the College may release or publish, without the student’s prior consent, items in the category of public information, which include the student’s name, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous public or private school attended by the student, and any other information authorized in writing by the student.

Students who wish to have this information restricted must submit a written request to the Admissions and Records Office. Directory information will then only be provided to individuals who have a current written and signed release from the student.

REQUEST TO EXCLUDE “D” or “F” GRADES
If a student has previously received a “D” or “F” grade in a course taken at Fullerton College and repeats exactly the same course and earns a higher letter grade, the student may petition to exclude the “D” or “F” grade from his or her cumulative grade point average. Petitions are available in the Admissions and Records Office. Refer to the College Catalog for complete information.

VARIABLE UNIT COURSES
Units may be increased/decreased no later than the withdrawal deadline of the course. Students must increase/decrease units at the Admissions and Records Office. Additional fees will be charged for increased units.

WAITLIST
A waitlist is an electronic list of students who are petitioning a closed class. Waitlist size is determined by the division. Waitlisting does not guarantee enrollment into any class and not all classes have waitlists.

When myGateway advises that a class is closed, a student can choose the option to be placed on the waitlist. If a seat becomes available, the waitlisted student will be notified via email that they have 48 hours to add the class through myGateway. The email will be sent to the preferred email address on file. Waitlisted students must meet all registration requirements for this class.

If the student does not register for the class section within the 48 hour timeframe, their name is automatically removed from the waitlist and the next priority student is notified. Students can remove their names from the waitlist through myGateway without being subject to any type of registration penalty.

WITHDRAWAL POLICY
While an instructor may drop a student for excessive absences, it is the student’s responsibility to officially withdraw from a class. Instructor approval is not required. Students must drop/withdraw classes by the appropriate deadline date through myGateway.

For all summer classes, refer to the comment line under the specific section (CRN) of the class for deadline dates. Every effort has been made to ensure the accuracy of these dates. These dates are subject to change without notice in order to comply with state accounting regulations.

Failure to officially withdraw from a class may result in a grade of “F” or “NP.”

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) 2009–2010

Completion of the Interssegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer to a California community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower-division, general education courses to satisfy the transfer institution’s general education requirements.

It should be noted that completion of the IGETC is not a requirement for transfer to CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Depending on a student’s major and field of interest, the student may find it advantageous to take courses fulfilling either the CSU’s general education requirements or those of the UC campus or college in which the student plans to transfer.

IMPORTANT NOTE: Courses on this list are approved for a specific academic year which begins with the Summer semester. Students wishing to use a course to meet an IGETC requirement must be sure that the course is approved for the academic year in which it is taken. This list is valid through Summer 2010. New courses for 2009-2010 are listed in bold.

Students enrolled in high unit majors (i.e., architecture, computer science, engineering, sciences) are frequently recommended not to use IGETC to meet general education requirements. It should be noted that completion of the IGETC is not a requirement for transfer from a California community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower-division, general education courses to satisfy the transfer admission requirements.

At least 2 courses = 7–9 semester units with one Physical Science, one course must include a corresponding laboratory. Underlined courses meet the lab requirement.

**DRUG-FREE AND ALCOHOL-FREE DISTRICT POLICY**

The Federal Government has mandated that as of October 1, 1990, there will be no drug usage by students, staff or faculty on college campuses anywhere in the United States.

On January 13, 1992, the Board of Trustees of the North Orange County Community College District adopted the following policy statement to comply with the law. The policy, which is to be shared in writing with students, staff and faculty is as follows:

**On November 18, 1988, Congress passed the Drug-Free Workplace Act of 1988. (P.L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.).** The statute requires contractors and grantees of Federal agencies to certify that they will provide a drug-free workplace. Making this required certification is a precondition for receiving a contract or grant from a Federal agency.

Pursuant to the Drug-Free Workplace Act of 1988, it is unlawful to manufacture, distribute, dispense, possess, or use controlled substances at all District worksites and/or while in the performance of District business or attending a District event or program.

The Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-226) amends the previous law of 1988 to include that it is also unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in the workplace or at any District activities or events or while performing District business.

**Compliance for Employees**

The District intends to make every effort to provide and maintain a drug-free workplace. Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, it is unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in all buildings, property, facilities, service areas and satellite centers of the district. Any employee violating this policy will be subject to disciplinary action which may include termination. Any employee convicted under a criminal drug and/or alcohol statute for conduct in the workplace or while on District business must report this conviction within five (5) calendar days to the Vice Chancellor, Human Resources.

**Compliance for Students**

The District intends to make every effort to provide and maintain a drug-free campus. Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, it is unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in all buildings, property, facilities, service areas and satellite centers of the District. All students are required to comply with this policy as a condition of their continued enrollment. Any student violating this policy will be subject to disciplinary action, including suspension, and up to expulsion.

13. Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous objects including, but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, College President, School of Continuing Education Provost, or authorized designee.

14. Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.

15. Violation of municipal, state, or federal laws in connection with attendance at programs or services offered by the District, or while on District property or at District-sponsored activities.

16. Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.

17. Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.

18. Committing sexual harassment as defined by law or by District policies and procedures.

19. Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender), religion, age, national origin, disability, sexual orientation, or any other status protected by law.

20. 21. Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.

22. Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

23. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

24. Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

Furthermore, no student shall be suspended from a college or School of Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, School of Continuing Education or District activity or attendance. Also, any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension, or expulsion of a student.

The Chancellor shall establish procedures of which all students are informed in the above sections of this policy. The Chancellor shall establish procedures of which all students are informed of the rules and regulations governing student behavior.
