Classes start January 24, 2022

SPRING Class Schedule 2022

# Fullerton College

---

Greetings Hornets and welcome to the Spring 2022 semester. We're very excited for you to join us this semester as our campus gradually and safely re-opens with more face-to-face classes and in-person services. It's been a long road to reach this moment, and I am grateful to our students, faculty, and staff for their patience and perseverance.

Some of the exciting new things that await us during the spring include face-to-face classes in the new Humanities Instructional Building, the re-opening of the Library, Academic Support Center, and many student support programs and services, and the opportunity to host large campus events and gatherings including Commencement. Our goal is to be able to return to an in-person Commencement ceremony in May and host a variety of other annual events such as FC Night at Angels Stadium and many fine arts activities. In addition, all students enrolled in the spring semester will be eligible for free student ID's and free parking permits.

The safety of our students, faculty and staff has and always will be a top priority at Fullerton College. To help end the COVID-19 pandemic and help us return to in-person classes and services, the North Orange County Community College District Board of Trustees issued a vaccine mandate during the fall semester. All students must upload a COVID-19 vaccination record or have a verified medical or religious exemption to take in-person classes or use campus resources on campus. Please visit our website for more details on the vaccine mandate.

I understand change isn't easy, and many students may feel apprehensive about all the new changes coming this semester, or simply starting college for the first time, but rest assured that our faculty and staff will be here to provide support every step of the way.

If you're starting college for the first time, or returning to after a break, I encourage you to seek assistance from Admissions and Records, Counseling, Financial Aid, and the Promise Program. We can't wait to see you on campus!

Go Hornets!

# HOW IS COLLEGE DIFFERENT FROM HIGH SCHOOL?

---

## PERSONAL FREEDOM IN HIGH SCHOOL

- ▶ Your time is structured by others.
- ▶ You can count on your parents and teachers to remind you of your responsibilities and to guide you in setting priorities.
- ▶ Guiding principle: you will usually be told what your responsibilities are and corrected if your behavior is out of line.

---

## HIGH SCHOOL CLASSES

- ▶ You spend 6 hours each day — 30 hours per week — in class.
- ▶ Most of your classes are arranged for you.
- ▶ You are not responsible for knowing what it takes to graduate.

---

## HIGH SCHOOL TEACHERS

- ▶ Teachers approach you if they believe you need assistance.
- ▶ Teachers have been trained in teaching methods to assist in imparting knowledge to you, the student.
- ▶ Teachers present materials to help you understand the material in the textbook.
- ▶ Teachers often take time to remind you of assignments and due dates.

---

## STUDYING IN HIGH SCHOOL

- ▶ You may study outside of class as little as zero to two hours a week, and this may be mostly last-minute test preparation.
- ▶ You often need to read or hear presentations only once to learn all you need to learn about them.
- ▶ Guiding principle: You will usually be told in class what you need to learn from assigned readings.

---

## TESTS IN HIGH SCHOOL

- ▶ Make-up tests are often available.
- ▶ Teachers frequently rearrange test dates to avoid conflicts with school events.
- ▶ Testing is frequent and covers small amounts of material.
- ▶ Mastery is usually seen as the **ability to reproduce what you were taught** in the form in which it was presented to you, or to solve the kinds of problems you were shown how to solve.

---

## GRADES IN HIGH SCHOOL

- ▶ Grades are given for most assigned work.
- ▶ Initial test grades, especially when they are low, may not have an adverse effect on your overall grade.
- ▶ Guiding principle: “Effort counts.” Courses are usually structured to reward a “good-faith effort.”

---

## PERSONAL FREEDOM IN COLLEGE

- ▶ You manage your own time.
- ▶ You will be faced with a large number of moral and ethical decisions you have not had to face previously. You must balance your responsibilities and set priorities.
- ▶ Guiding principle: you're old enough to take responsibility for what you do and don't do, as well as for the consequences of your decisions.

---

## COLLEGE CLASSES

- ▶ You spend 12–16 hours each week in class. More time will be spent studying, usually two hours for every one hour of time spent in class; if you take 12 units, you will need 24 hours of studying, or 36 hours a week for class activities.
- ▶ You arrange your own schedule in consultation with a counselor during orientation (new FC students). Schedules tend to look lighter than they really are.
- ▶ Graduation requirements are complex and differ for different majors and sometimes different years. You are expected to know which requirements apply to you.

---

## COLLEGE PROFESSORS

- ▶ Professors are usually open and helpful, but most expect you to initiate contact if you need help or assistance.
- ▶ Professors have been trained as experts in their particular areas of research.
- ▶ Professors may not follow the textbook. Instead to amplify the text, they may give illustrations, provide background information, or discuss research about the topic you are studying. Or, they may expect you to relate to the textbook readings.
- ▶ Professors expect you to read, save, and consult the course syllabus; the syllabus spells out exactly what is expected of you, when it is due, and how it will be graded.

---

## STUDYING IN COLLEGE

- ▶ You need to study at least 2–3 hours outside of class for each hour in class.
- ▶ You need to review class notes and text regularly.
- ▶ Guiding principle: It's up to you to read and understand the assigned material; lectures and assignments proceed from the assumption that you've already done so.

---

## TESTS IN COLLEGE

- ▶ Make-up tests are seldom an option; if they are, you need to request them.
- ▶ Professors in different courses usually schedule tests without regard to the demands of other courses or outside activities.
- ▶ Testing is usually infrequent, often cumulative, covering large amounts of material. You, not the professor, need to organize the material to prepare for the test.
- ▶ Mastery is often seen as the ability to apply what you've learned to new situations or to solve new kinds of problems.

---

## GRADES IN COLLEGE

- ▶ Grades may not be provided for all assigned work.
- ▶ Watch out for your first tests. These are usually “wake-up calls” to let you know what is expected — but they also may account for a substantial part of your course grade. You may be shocked when you get your grades.
- ▶ Guiding principle: “Results count.” Though “good-faith effort” is important in regard to the professor's willingness to help you achieve good results, it will not substitute for results when a professor is giving you a grade.

## ADD CODES

The 6-digit Add Authorization Code is required for each class once the class begins and is only valid for the current term and class. The Add Authorization Code must be used by the add deadline of the class to guarantee official enrollment. If a student has been unsuccessful using the Add Code due to too many attempts, or the code has expired, a new Add Code must be obtained from the instructor.

## ATTENDANCE/PARTICIPATION

Attendance/Participation at the first class meeting is required. Failure to attend **may** result in the instructor dropping the student from the class.

## CAMPUS HOLDS

Fullerton College may withhold diplomas, registration privileges, or any combination thereof, from any student or former student who has failed to clear a campus obligation (unpaid balance of enrollment fees, returned check, unpaid loan, equipment not returned, equipment breakages, unpaid fines or materials owed to the library, etc.).

## CLASS CANCELLATIONS

Fullerton College reserves the right to cancel any class for which the enrollment is not sufficient to warrant continuation and to change the class hours and/or days as necessity demands.

## COREQUISITES (Concurrent Enrollment)

A course that a student must enroll in at the same time as the desired course — in some instances the corequisite course may be taken prior to the desired course. If the corequisite is taken prior to the desired course, a grade of C or better must have been earned.

## COURSE REPETITION

If you are repeating a course due to a substandard grade or W (for a non-repeatable course):

- Students may repeat the same course no more than two times in colleges within the District (Fullerton and Cypress Colleges) in which substandard grades (D, F, NC, NP) or W were assigned.
- Students may file a Petition to Repeat a Course with the Admissions and Records Office to request additional repeats due to verifiable extenuating circumstances. Go to <https://admissions.fullcoll.edu/downloadable-forms/>.
- When repeating a course with a substandard grade and submitting an Appeals Petition, the last grade earned will count toward the grade point average and the previous grade(s) will be discounted or forgiven.
- Only the first two substandard grades may be excluded in GPA calculations. The student's permanent academic record will be annotated such that all course work that has been taken and forgiven or repeated will remain legible, ensuring a true and complete academic history.

If you are repeating a course that allows repeats, whether you received a grade or W:

- A course may only be repeated the number of times indicated in the catalog.
- Once a student has completed the maximum number of allowable repetitions a student may be blocked from registering in this course.
- Fine Arts, Physical Education, and other active participatory courses that are related in content must be grouped. Each individual course within a group is not repeatable and students are only allowed an allocated number of maximum attempts of courses within each group. (For example: if there is a maximum of four attempts within a group of six courses a student will only be allowed to complete four of the six courses). If a student receives a W in one of the courses within a group they will be allowed a second attempt without a petition of that course but the attempt that resulted in the issuance of a W counts as one of the attempts within the group of courses.
- Students may file a Petition to Repeat a Course with the Admissions and Records Office to request additional repeats due to verifiable extenuating circumstances.

## DUPLICATE COURSE

Students may not register for two classes with the same course number and title.

## MAXIMUM UNITS/HOURS

A maximum unit load for any student is 19 units per term. Students may register over 19 units only with a counselor's approval.

## Registration Policies/Procedures (continued)

### MILITARY WITHDRAWAL

A student called to military service during a semester in progress should complete and submit an Extenuating Circumstance petition to have a “MW” (military withdrawal) noted on the student’s academic transcript. A copy of military orders is required. Go to <https://admissions.fullcoll.edu/extenuating-circumstances-petition/>.

### OPEN ENROLLMENT

It is the policy of the North Orange County Community College District that every course, course section or class, wherever offered and conducted throughout the district, shall be fully open to enrollment and participation by any person who is eligible for admission to the college(s) and who meets such prerequisites as may be established pursuant to Chapter 11, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

### PASS/NO PASS

If a course is listed in the College Catalog as “Letter Grade or Pass/No Pass Option,” a student may choose to take the course with a P/NP grade. Log in to **myGateway**, go to “Registration Tools” and click “Update Grade to Pass/No Pass.” Once the request is submitted, the grading option is **not** reversible.

### PAY YOUR FEES

Students who are enrolled in classes and have not paid fees will have a hold placed on their records. Unpaid fees may be collected at a later date through the Chancellor’s Office Tax Offset Program (deducted from your tax refund).

### PETITIONING CLOSED CLASSES

Students may petition closed classes by attending the first meeting. If space permits, the instructor will issue an Add Authorization Code, allowing students to add the closed class online through **myGateway**. Students are not officially registered until the class has been added online.

### PREREQUISITES

A course that a student must pass (with a grade of C or better) before enrolling in the more advanced course. In some instances, an assessment exam with qualifying scores, or prior knowledge and/or experience that a student possesses may also be accepted as a prerequisite for a course.

### PRIVACY RELEASE

Pursuant to the Federal Family Educational Rights and Privacy Act of 1974, the College may release or publish, without the student’s prior consent, items in the category of public information, which include the student’s name, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous public or private school attended by the student, and any other information authorized in writing by the student.

Any student who wishes to have this information restricted must submit a written request to the Admissions and Records Office. Directory information will then only be provided to individuals who have a current written and signed release from the student.

### SCHEDULE/BILL RECEIPT

The Schedule/Bill receipt is proof of enrollment in classes and fees paid for the term. Schedule/Bill receipts are available in **myGateway**. Students should check the Schedule/Bill receipts carefully to verify registration and fee payment. Instructors, labs and any office on campus may request to see a student’s Schedule/Bill receipt prior to providing services.

### TIME CONFLICT

Students are not permitted to register for two classes that are scheduled during the same or overlapping time periods, *even if the instructor will allow it*. This includes online and/or hybrid courses with mandatory on-campus meetings that conflict with other on-campus courses.

### VARIABLE UNIT COURSES

Units may be increased/decreased **no later than the withdrawal deadline of the course**. Additional fees will be charged for increased units and refund deadlines are enforced when decreasing units.

### WITHDRAWAL POLICY

While an instructor may drop a student for excessive absences, **it is the student’s responsibility to officially withdraw from a class**. Instructor approval is not required. Students must drop/withdraw classes by the appropriate deadline date through **myGateway**.

#### Full-Term Classes

**First two weeks of the term:** The student or the instructor may initiate a drop from the course. No notation shall be made on the student’s academic record. For the exact date, refer to the “**Calendar of Important Dates**” in this class schedule.

**3rd week through 12th week:** The student or the instructor may initiate a withdrawal. A W shall be recorded on the student’s academic record.

#### Short-Term Classes

Refer to the posted deadline dates for the specific course (CRN). Every effort has been made to ensure the accuracy of these dates. These dates are subject to change without notice in order to comply with State accounting regulations.

#### Open Entry Classes

Whenever possible, Open Entry classes shall be treated according to the regulations for Full-Term Classes and Short-Term Classes.

**Failure to officially withdraw from a class may result in a grade of F or NP.**

# Residency for Tuition Purposes

(per Education Code, Section 68060)

The Office of Admissions and Records determines the residency status of all new and returning students. Responses to the Application for Admission and, if necessary, other evidence furnished by the student are used in making this determination. It is the student's responsibility to provide documentation that clearly demonstrates both physical presence and the intent to establish California residence. A student who does not submit adequate information to establish the right to classification as a California resident will be classified as a nonresident for tuition purposes. Some visa types are precluded by federal law from establishing residency.

The residence determination date is the day immediately preceding the opening day of instruction of the semester as set by the Board of Trustees. Generally, residency requires actual physical presence in California at least one year prior to the residence determination date, coupled with proof of intent to make California one's home. Generally, California residency is established by one of the following:

1. If the applicant is under the age of 18, his or her parents must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the term.
2. If the applicant is 18 but not yet 19 years of age, the applicant and the applicant's parents or legal guardian must have residence in California for a minimum of 12 consecutive months preceding the day before the first day of the term.
3. If the applicant is 19 years of age or older, the applicant must have residence in California for a minimum of 12 consecutive months preceding the day before the first day of the term.

Non-citizen students holding visas which do not preclude them from establishing residency in California (for example: permanent resident visa or amnesty approval), must have legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

## Factors Considered to Determine Residency

A person's presence in California and the factors below are considered in determining California residency. No one factor determines residency.

- Being licensed to practice a profession in California
- Filing California State Income taxes as a resident
- Having an active checking and/or savings account in California
- Having paid nonresident tuition in another state
- Owning residential property in California for personal use
- Possessing a California Driver's License and vehicle registration in California
- Showing proof of employment in California
- Possessing a divorce decree issued in California
- Voting in California
- Showing California as "home of record" on military records (DD214 or Leave and Earnings Statement)
- Being an active military member, military veteran, or a military dependent

**IMPORTANT:** Residency classification is determined for each student when the admission application is accepted. Any student who is classified as a resident, but who becomes a nonresident at any time by virtue of a change of residence, by his or her own action or by the person from whom his or her residence is derived, is obligated to notify the Admissions & Records office immediately.

## Nonresident Student

A student's residence status is determined at the time of application. A student classified as a nonresident must pay nonresident tuition in addition to the enrollment fee and other fees (including a \$57 Capital Outlay Fee per Ed Code 76141) for credit classes.

## Residency for Tuition Purposes (continued)

### Assembly Bill 540

Any student, other than one with a nonimmigrant visa status who meet all of the following requirements, shall be exempt from paying nonresident tuition at all public colleges and universities in California. (Students who have been granted T or U visa status are also exempt per AB1899).

The requirements are:

- Attended high school in California for three or more years, OR  
Attended a combination of California high school, California adult school, and/or California Community College for the equivalent of three or more years of full-time attendance, OR  
Attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work **and** attended a combination of elementary, middle/secondary, and/or high schools in California for a total of 3 or more years.
- Graduated from a California high school or attained the equivalent (i.e., GED or Certificate of High School Proficiency) prior to the start of the term, OR  
Attained an associate degree from a California Community College, OR  
Completed the minimum requirements at a California Community College for transfer to a California State University or University of California.
- In the case of a person without lawful immigration status, the filing of an affidavit with the college stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.
- All students who meet AB540 requirements must file an affidavit with the College. The affidavit is included in the California Nonresident Tuition Exemption form which is available on the Admissions and Records website <https://admissions.fullcoll.edu/residency/#ab540> and Class Schedule (see Nonresident Tuition Exemption form in the back of the Class Schedule).
- Students living outside the state and enrolled in distance education are not eligible for the AB540 exemption.

### Senate Bill 141

This bill requires districts to exempt nonresident tuition from a nonresident student who is a U.S. citizen and who resides in a foreign country, if that student meets all of the following requirements:

- Has a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act and demonstrates a financial need for the exemption.
- Moved abroad as a result of the deportation or voluntary departure and lived in California immediately before moving abroad.
- Attended a public or private secondary school in California for three or more years.
- Upon enrollment, will be in his or her first academic year as a matriculated student in California public higher education.
- Will be living in California and will file an affidavit with the community college stating that he or she intends to establish residency in California as soon as possible.
- Documentation shall be provided by the student as required by statute as specified in Education Code section 76140(a)(5).

### Assembly Bill 2364

This bill mandates Community College districts to exempt all qualifying nonresident special part-time students, who meet the requirements set forth in Section 76140 of the Education Code, from the requirement to pay nonresident tuition for community college credit courses. This exemption does not apply to special full-time students.

This exemption is not intended to apply to categories of students who would be precluded from qualifying for the AB540 nonresident tuition exemption; i.e., a) students who reside outside of California and enroll via Distance Education and b) students on most nonimmigrant visas.

# DON'T DELAY YOUR REGISTRATION

## Check for Prerequisites early

Before you enroll check to see if your class has a prerequisite.

Prerequisites must be cleared prior to enrollment.

Plan ahead and take care of this as early as possible to avoid waiting in long lines and delaying your enrollment in important classes.

## How to clear a prerequisite

You are automatically cleared if:

- ▶ you are currently enrolled in the appropriate prerequisite course at Cypress College or Fullerton College
- ▶ you have completed the appropriate prerequisite course at Cypress College or Fullerton College
- ▶ you have tested into a particular course level in English, ESL, Reading and Math by taking the appropriate placement test
- ▶ for Fullerton College chemistry students: you have taken the Chemistry assessment test at Fullerton College and received the appropriate score for placement

# Frequently Asked Questions...

# WAITLISTS

## What is a waitlist?

A waitlist is an electronic list of students who would like to enroll in a closed class. Waitlisting does NOT guarantee enrollment into any class and not all classes have waitlists. Waitlisted students must meet all registration requirements, including time conflicts and prerequisite requirements.

## How do I place myself on to a waitlist?

Log on to myGateway, go to “**Registration Tools**” and click “**Add or Drop Classes**”. Enter the CRN of the class. If the class is closed you will be given the option of adding to the waitlist if waitlist seats are available. To place yourself on the waitlist, use the drop-down menu and select “**Waitlist**”, then click “**Confirm Your Choices**”.

## Can I add to more than one waitlist?

Yes, you can add to more than one waitlist for different subjects but you CANNOT add to more than one waitlist for the same course.

## How can I monitor my waitlist position?

Log on to myGateway, go to “**Registration Tools**” and click “**Check Waitlist Status**”. If a seat is available for you to attempt to add, you will see a date and time in the “**Notification Expires**” field.

## How will I know if a seat in the class becomes available while I am on the waitlist?

If a seat becomes available, you will be notified via “**Announcements**” on myGateway. We strongly recommend that you check your **Personal Announcements** daily! As a secondary means of notification, we will also send a waitlist notification to your preferred email address on file. (See the following email notice)

## Important Student Email Information

Students have reported undelivered, delayed, and/or blank emails from various email providers. We strongly suggest that students frequently monitor the “**Announcements**” window in myGateway for messages regarding waitlisting.  
*The college is NOT responsible for undelivered, delayed, or incomplete email from ANY email provider.*

## How do I add the class once I am notified via “Announcements” or Waitlist email notification?

Log on to myGateway, go to “**Registration Tools**” and click “**Add or Drop Classes**”. Go to the specific waitlisted class in your list of classes and use the drop-down box to register for the course. Don’t forget to click “**Confirm Your Choices**” and “**Complete Registration**”.

## How long do I have to add the class when a seat is available and what if I miss my 48 hour deadline to add?

Once a seat becomes available you have **48 hours** to add the class **OR** until midnight prior to the start day of class, whichever comes first. If you miss the deadline to add the course your name is automatically removed from the waitlist and the next waitlisted student is notified.

## What if I am on a waitlist and no seat becomes available before the first class meeting?

Waitlisting does NOT guarantee enrollment into any class. You must attend the first class meeting. Your name will appear on the instructor’s roster as waitlisted. If there are seats available, the instructor will provide you with an Add Authorization code. Be advised that although an instructor may give a waitlisted student an add authorization code, it is the student’s responsibility to officially register into the class through myGateway.

## What if I am on a waitlist and the instructor provides me with an Add Authorization Code at the first class meeting?

**IMPORTANT** — You cannot add a course with an Add Code until the first class meeting. Log on to myGateway, go to “**Registration Tools**” and click “**Add or Drop Classes**”. Go to the specific waitlisted class and click “**Waitlisted — Drop**” to drop from the waitlist. Re-enter the same CRN, and follow the prompts to enter the 6-digit Add Code. Don’t forget to click “**Confirm Your Choices**” and “**Complete Registration**”. It is the student’s responsibility to verify class enrollment. Print your schedule/bill and make sure there is an “**RW**” registration status next to each course.

## Pre-Nursing Science Sequence

The Pre-Nursing Science Sequence shows the progression of Fullerton College science courses that students should take to complete the prerequisites for entrance into most nursing programs. Almost all nursing schools require the core sequence of anatomy, physiology, microbiology, and a semester of chemistry. Most Bachelors' in nursing programs require a second semester of chemistry. Other entrance requirements (GE pattern, sociology, psychology, math) differ, so you should contact a Counselor and the specific school you would like to enter to determine the appropriate coursework.

Any student wishing to take on-campus classes or access on-campus Student Support services must meet the college vaccination requirements and follow CDC guidance on masking, social distancing, etc. For more information go to: [www.fullcoll.edu/return/safety-first](http://www.fullcoll.edu/return/safety-first). Students who do not meet the vaccination requirement may remain off site and enroll in entirely online classes.

## ATTENTION STUDENTS IN ESL 082 F, 083 F, 184 F, and 190 F ESL WEEKLY ARRANGED LAB HOUR (WALH) INFORMATION

Students in ESL 082 F, 083 F, 184 F, and 190 F are required to attend one arranged lab hour every week in the Skills Center (801 South Lab) starting the first week of the semester. The weekly arranged lab hour (WALH) is an important part of the course and is designed to help students successfully achieve the course learning outcomes.

**It is important to be aware of the following information about the weekly arranged lab hour (WALH):**

- Students must attend a one-hour orientation in the Skills Center during the first week of the semester to avoid being dropped from the course.
- Students do not need to wait until the first day of class to attend the orientation, and students who are petitioning to add one of these ESL courses should complete the orientation during the first week as well.
- Every week of the semester, including the first week, students must complete the arranged lab hour requirement at the Skills Center during the following hours:

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
9:25 am–12:15 pm	9:25 am–10:50 am	9:25 am–12:15 pm	9:25 am–10:50 am	10:20 am–12:25 pm
1:25 pm–2:50 pm	1:25 pm–2:50 pm	1:25 pm–2:50 pm	1:25 pm–2:50 pm	
5:20 pm–6:45 pm		5:20 pm–6:45 pm		

- To attend the first week orientation, students should go to the Skills Center (located on the west side of the library building) during the hours listed above. They will receive the first week orientation assignment sheet for their level. They must complete this sheet and then ask the lab instructor to check it and stamp it.
- Students may not attend the arranged lab during any time when they are scheduled to be in another class in Fullerton College, Cypress College, or NOCE.
- In accordance with the policies of the instructor, department, and the division, students who do not attend lab every week may be dropped from the course.
- Students who have questions should contact their instructor via email or the Humanities Division office at (714) 992-7036.

If you decide not to participate in classes for which you have registered, it is your responsibility to officially drop within published deadlines.

## Fullerton College Honors Program

The Honors Program offers students small classes with dedicated and engaged faculty. Most honors classes meet the general education requirements for most majors and include high impact practices like seminar discussions, presentations, and research. Courses are designed not to be harder than the traditional course, but to allow students to dive deeper into the material with a student-centered focus.

Students who complete the Honors Program and meet all transfer requirements will have priority consideration for admission to specific four-year institutions. Fullerton College is a member of the Honors Transfer Council of California.

**Requirements for Membership:** Minimum 3.4 GPA in either high school or college coursework OR a faculty recommendation; veteran and returning students do not need to meet the GPA requirements; completion of the Honors Program application; Apply at <http://honors.fullcoll.edu>

**Mathematics**

- Questions about **math placement?**
- Confused about which **math class to take?**
- Want more information on **taking math classes using Zoom, online or in a hybrid format?**

Be sure to work with your counselor to ensure you enroll in the appropriate classes for your major and transfer plans. You can also contact the Math Department at: [math@fullcoll.edu](mailto:math@fullcoll.edu).

**ONLINE RESOURCES**

Almost all math classes require the use of online homework programs which come with a new textbook, or which can be purchased separately. These programs also include tutorials and other resources and can be accessed from computers on campus or from your computer at home with high-speed internet access. You may wish to contact your instructor or the Math Department ([math@fullcoll.edu](mailto:math@fullcoll.edu)) before classes begin to find out what online resources are used and any technology requirements for the class.

**MATH LAB**

We expect the Fullerton College Math Lab to be operating both on-campus and remotely in Spring 2022. In either venue students will find instructors and qualified tutors available for assistance in solving mathematical problems or in understanding mathematical concepts at all levels. A list of the times when faculty and tutors are available to assist with specific courses will be provided. At the first class meeting, your instructor will explain how to enroll in MATH N01 F, a non-credit, zero-unit tutoring course and how to access these services.

## Mathematics Course Sequence

This sequence shows the progression of math courses that students should take in order to complete their math requirement for the associate degree or to transfer. The type of mathematics you will be required to complete depends upon your major and/or transfer institution. The starting course can vary based on high school grades, college coursework, and other factors. **Please see a counselor before enrolling to discuss placement and the mathematics sequence.** You may also email [math@fullcoll.edu](mailto:math@fullcoll.edu) or reference [www.assist.org](http://www.assist.org).

**NOTES:**

1. Students should discuss with a counselor whether taking MATH 040 F is necessary.
2. All courses fulfill the graduation requirement for the Associates' Degree.
3. All courses transfer to a 4-year institution.
4. MATH 121 F is an enhanced version of MATH 120 F which includes prerequisite skills and other support strategies for students.
5. Students majoring in any business field should consult with a Counselor before taking a transferable math course. Some business programs require Calculus (MATH 151 F), others require Business Calculus (MATH 130 F). Some also require Statistics (MATH 120 F).
6. Students who have not completed MATH 129 F may enroll in MATH 130 F, but may wish to also take the co-req course, MATH 032 F.
7. MATH 141 F or MATH 143 F, and MATH 142 F may be taken in any order, or concurrently. Both are required for MATH 151 F.
8. MATH 143 F is an enhanced version of MATH 141 F which includes prerequisite skills and other support strategies for students.
9. MATH 034 F, a corequisite course that reviews prerequisite skills needed in trigonometry, is linked to various sections of MATH 142 F.
10. MATH 252 F and MATH 253 F can be taken concurrently.
11. The Division offers honors courses: MATH 120HF, MATH 141HF, MATH 151HF, and MATH 152HF.
12. The Division offers other courses: Discrete Mathematics (MATH 170 F and 171 F), Graph Theory (MATH 172 F), a course for prospective teachers (MATH 203 F), separate courses in Linear Algebra and Differential Equations (MATH 255 F and MATH 260 F) and a series of Mathematics Seminars (MATH 290 F, MATH 290HF, MATH 291 F, MATH 291HF, MATH 295 F, MATH 295HF). Check the class listings since some of these courses are not offered every semester.

# COLLEGE POLICIES/PROCEDURES

## AUDITING COURSES

An enrolled student who intends to audit a class must file a "Petition to Audit" form **by the add deadline of the class**. Go to <https://admissions.fullcoll.edu/downloadable-forms/>. The audit fee is \$15 per unit. Refer to the College Catalog for more details.

## COURSE PROGRESSION

A student is expected to take courses on an accepted progressive basis. The student will not receive credit for classes which are considered lower in degree of advancement than those already taken.

## (EW) EXCUSED WITHDRAWAL

Excused Withdrawal occurs when a student is permitted to withdraw from course(s) due to specific events beyond the control of the student and may include a job transfer outside the geographical region, an illness in the family where the student is the primary caregiver, when the student who is incarcerated in a California state prison or county jail is released from custody or involuntarily transferred before the end of the term, when the student is the subject of an immigration action, or other extenuating circumstances beyond the control of the student affecting his/her ability to complete a course(s).

Verifiable documentation must be presented upon petition by the student to Admissions & Records. The EW grade does not count in calculation of probation or dismissal and is not counted as an enrollment attempt for purposes of course repetition. Please note that the EW grade does count in the Federal financial aid Satisfactory Academic Progress Calculations. A student should consult with the financial aid staff regarding any impact. Title 5 Sections 55024 (See AR 5075 Course Adds, Drops and Withdrawals).

## GRADES

Grades are available via **myGateway** approximately two weeks after the class ends. Log in to **myGateway**, click **Student** on the left hand side and click **Student Records**.

### Incomplete (I) Grades

If an Incomplete (I) is received, the student **cannot** re-enroll in the course. Specified coursework must be completed no later than one year with the instructor who assigned the incomplete grade.

### In Progress (IP) Grades

If an In Progress (IP) is received, the student **must** re-enroll in the course the following term.

## MATRICULATION APPEALS PROCEDURES

A Matriculation Appeals Petition may be filed for any of the following concerns:

### Review of Placement Decisions

The student must make an appointment to see the Dean of Counseling. If the Dean of Counseling is unavailable within three (3) working days, the student shall take the appeal directly to the Dean of Humanities or Dean of Mathematics as appropriate. The student must include documentation and/or information to support the appeal.

### Student Rights to Challenge Prerequisites and/or Corequisites

Section 55003 of Title V states: Any prerequisite or corequisite may be challenged by a student on one or more of the

grounds listed below. The student shall bear the initial burden of showing that grounds exist for the challenge. Challenges shall be resolved in a timely manner and, if the challenge is upheld, the student shall be permitted to enroll in the course or program in question. Grounds for challenge are:

1. The prerequisite or corequisite has not been established in accordance with the district's process for establishing prerequisites and corequisites.
2. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
3. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
4. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available.

## REQUEST TO EXCLUDE D or F GRADES

If a student has previously received a D or F grade in a course taken at Fullerton College and repeats exactly the same course and earns a higher letter grade, the student may petition to exclude the D or F grade from his or her cumulative grade point average. Petitions are available online <https://admissions.fullcoll.edu/downloadable-forms/>. Refer to the College Catalog for complete information.

## STUDENT INFORMATION

Address, phone, and email should be kept current and updated to receive important information from the college. <https://admissions.fullcoll.edu/downloadable-forms/>.

## CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION APPROVED COURSE LIST 2021–2022

**IMPORTANT NOTE:** Courses on this list are approved for a specific academic year which begins with the Fall 2021 semester. This list is valid through Summer 2022. New courses for 2021–2022 are listed in **bold**.

Students wishing to use a course to meet a CSU General Education requirement must be sure that the course is approved for the academic year in which it is taken. Courses on this list are approved by the CSU Chancellor's Office for the 2021–2022 academic year. A course used in the certification process must be on the CSU GE Breadth approved list during the term in which it is taken. If a course is taken before it is approved for inclusion on the list, it cannot be certified. Similarly, a course which is taken after it has been removed from the list cannot be certified.

Previous CSU General Education Approved Course Lists are available at [www.assist.org](http://www.assist.org). Information is also available at the Fullerton College Cadena Transfer Center and the Fullerton College Counseling Resource Center, or you may request verification from a counselor.

CSU General Education certification is available to community college transfers who complete the majority of their lower division units at the community college.

Students enrolled in high-unit majors (i.e., architecture, computer science, engineering, sciences) are often recommended not to be fully CSU GE certified but rather to meet transfer admission requirements and complete required lower division major and support courses. See your counselor to develop a student academic educational plan.

## INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) 2021–2022

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a California community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower-division, general education courses to satisfy the transfer institution's general education requirements.

It should be noted that completion of the IGETC is not a requirement for transfer to CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Depending on a student's major and field of interest, the student may find it advantageous to take courses fulfilling either the CSU's general education requirements or those of the UC campus or college in which the student plans to transfer.

**IMPORTANT NOTE:** Courses on this list are approved for a specific academic year which begins with the Fall 2021 semester. Students wishing to use a course to meet an IGETC requirement must be sure that the course is approved for the academic year in which it is taken. This list is valid through Summer 2022.

Students enrolled in high unit majors (i.e., architecture, computer science, engineering, sciences) are frequently recommended not to use IGETC to meet general education certification but rather to meet transfer admission requirements and complete required lower division major and support courses. See your counselor to develop an academic student educational plan.

It is recommended that all IGETC requirements be completed prior to transfer. If you are unable to complete one or two IGETC courses, you may be eligible to complete IGETC after transfer. See your counselor for more information. UC transfers must provide official documentation to meet the Language Other Than English requirement. Documentation needs to be on record with the Fullerton College Records Office in advance (two semesters before transfer) if this requirement is met by any means other than Fullerton College foreign language courses.

Any coursework not completed at Fullerton College must be evaluated in writing by Admissions and Records through an academic counselor to assure that it meets IGETC standards set forth by the California Intersegmental Academic Senates.

A grade of "C" or higher is required in all coursework used for IGETC certification.

## DRUG-FREE AND ALCOHOL-FREE DISTRICT POLICY

The Federal Government has mandated that as of October 1, 1990, there will be no drug usage by students, staff or faculty on college campuses anywhere in the United States.

On January 13, 1992, the Board of Trustees of the North Orange County Community College District adopted the following policy statement to comply with the law. The policy, which is to be shared in writing with students, staff and faculty is as follows:

**On November 18, 1988, Congress passed the Drug-Free Workplace Act of 1988. (P.L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.).** The statute requires contractors and grantees of Federal agencies to certify that they will provide a drug-free workplace. Making this required certification is a precondition for receiving a contract or grant from a Federal agency.

Pursuant to the Drug-Free Workplace Act of 1988, it is unlawful to manufacture, distribute, dispense, possess, or use controlled substances at all District worksites and/or while in the performance of District business or attending a District event or program.

**The Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-226)** amends the previous law of 1988 to include that it is also unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in the workplace or at any District activities or events or while performing District business.

### Compliance for Employees

The District intends to make every effort to provide and maintain a drug-free workplace. Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, it is unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in all buildings, property, facilities, service areas and satellite centers of the district. Any employee violating this policy will be subject to disciplinary action which may include termination. Any employee convicted under a criminal drug and/or alcohol statute for conduct in the workplace or while on District business must report this conviction within five (5) calendar days to the Vice Chancellor, Human Resources.

### Compliance for Students

The District intends to make every effort to provide and maintain a drug-free campus. Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, it is unlawful to manufacture, distribute, dispense, possess, use or sell illicit drugs and alcohol in all buildings, property, facilities, service areas and satellite centers of the District. All students are required to comply with this policy as a condition of their continued enrollment. Any student violating this policy will be subject to disciplinary action, including suspension, and up to expulsion.

**Legal Sanctions Under Federal, State and Local Laws are available in the following locations:**

1. Student Activities Office, 200 Bldg, Room 214
2. Campus Public Safety Department, 1500 Bldg

### Alcohol/Drug Abuse Counseling, Treatment, Rehabilitation Information

## 1.0 Standards of Student Conduct

For purposes of this policy, the term “District” as used herein means the North Orange County Community College District, Cypress College, Fullerton College, the School of Continuing Education, the Anaheim Campus, and other entities operated by, or property under the control of, the North Orange County Community College District.

Misconduct, which constitutes “good cause” for disciplinary action includes, but is not limited to, the following:

- 1.1 Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of, District personnel, or violating the rights of other students.
- 1.2 Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
- 1.3 Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.
- 1.4 Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.
- 1.5 Misrepresentation of oneself or of an organization to be an agent of the District.
- 1.6 Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.
- 1.7 Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.
- 1.8 Unauthorized entry into, unauthorized use of, or misuse of property of the District.
- 1.9 Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.
- 1.10 Causing or attempting to cause damage to District property, or to private property on District premises.
- 1.11 Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage, or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.
- 1.12 Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
- 1.13 Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including, but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, School of Continuing Education Provost, or authorized designee.
- 1.14 Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.
- 1.15 Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.
- 1.16 Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
- 1.17 Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.
- 1.18 Sexual assault or sexual exploitation regardless of the victim’s affiliation with the District.
- 1.19 Committing sexual harassment as defined by law or by District policies and procedures.
- 1.20 Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other status protected by law.
- 1.21 Engaging in physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or District employee’s work performance, or of creating an intimidating, hostile or offensive educational or work environment.
- 1.22 Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.
- 1.23 Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.
- 1.24 Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.
- 1.25 Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District or the substantial disruption of the orderly operation of the District.
- 1.26 Use of the District’s computer systems or electronic communication systems and services for any purpose prohibited by Administrative Procedure 3720, Computer & Electronic Communication Systems, or for any act constituting cause for disciplinary action as provided in this policy.
- 2.0 No student shall be suspended from a college or School of Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, School of Continuing Education or District activity or attendance.
- 3.0 Any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.
- 4.0 The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.
- 5.0 The Chancellor shall establish procedures by which all students are informed of the rules and regulations governing student behavior.
